

Coronation Street Party and Road closure in Queens Road - Sunday 7 May

There will be a Coronation Street Party in Queens Road on the afternoon and into the evening of Sunday 7 May.

Consequently, Queens Road will be closed to all traffic between 12 noon and 10pm on Sunday from the junction with Regent Street to the QR Rear car park. Our Rear car park will potentially be accessible only before and during our service on Sunday morning, but from 12 noon onwards you will not be able to leave the Rear car park until after 10pm. Please therefore use either our Front car park (which is likely to be busier than usual) or the City Council car park in Grosvenor Road (which is now cashless and costs £1 for all day on Sunday), or please make alternative arrangements.

We are also all invited to join the Street Party, and you can find more details about what's happening, and sign up to attend, on this link: <https://events.more-human.co.uk/event/1680003095440x818446705846360300> In particular, we understand that the BBC intend to feature the Queens Road Street Party during the Coronation concert Livestream between 9 pm to 10 pm and will be putting up a few screens on the street for people to watch the broadcast too. The BBC have said they are keen to speak to an array of people taking part, from young children to older people and British people to people born overseas who have now made this area their home.
